

TRUSS PACKAGE STRUCTURAL VERIFICATION

City of New Port Richey
Development Department
City Hall, 5919 Main Street, 1st Floor
New Port Richey, FL 34652
Phone (727) 853-1047 | Fax (727) 853-1052

RE: Permit # _____

"I, _____, Design Professional of record for

(Job Site Address)

have verified that the truss package complies with the original design intent, and that the underlying structure will accommodate all indicated loads"

The Design Professional is not required to verify the design of the trusses, but that the loads being imposed by the trusses and their anchors are not adversely affecting the underlying structure.

This verification will become part of the approved construction documents.
