

NEW PORT RICHEY

5919 MAIN STREET • NEW PORT RICHEY, FL 34652 • 727.853.1047

July 5, 2016

Dear Manager:

The City of New Port Richey would like to inform you that we have flood maps and flood protection references available to you. Elevation certificates that have been submitted to the City are available upon request. We may also have additional information on past flood problems in the area and how they can be avoided in the future.

Helpful information can be located at the City Library and on the City's website at cityofnewportrichey.org. The library has a copy of the (FIRM) Flood Insurance Rate Maps and a collection of books and reference material that discuss methods of protecting your property from flooding. The preliminary flood insurance rate maps are available now on the City's website and will become effective as of September 26, 2014.

The City of New Port Richey participates in the National Flood Insurance program (NFIP) and the Community Rating System (CRS) so that flood insurance is available to our residents. As you know, flood is not covered in standard Home Owner's insurance policies.

Please do not hesitate to call or stop by if we can be of assistance. We are located on the first floor of City Hall in the Development Department. You may contact me at 727-853-1045 or evettsj@cityofnewportrichey.org

Thank you,

James Evetts
Certified Floodplain Manager
